New County Poll Tax Levied in Narberth

**Lower Merion Treasurer Still
Undecided, As Dold
Gives Notice.**

INCREASE OF ABOUT 20C

Pennsylvania's new county poll tax will be collected by Edwin P. Dold, Narberth's tax collector, but perhaps will not be collected by Peter C. Hess, Lower Merion's treasurer, according to statements made by these two this week.

The tax, according to an act passed by the State Legislature May 13 of this year, is fifty cents per poll for all inhabitants of this county over 21 years of age. It is to be paid in lieu of the taxes on trades, occupations and professions which has to date been effective at a rate of three mills in this county. It does not affect the county millage tax on assessed real estate valuation.

Collector Dold in a statement this week requests all Narberth individuals over 21 to change the amount extended for occupational county tax on their bills to the 50-cent charge instead. His bills were sent out several

Narberth took two close ball games from Haverford on Tuesday afternoon. The Juniors won by an 8-7 count, Harnden pitching good ball. The Seniors with Smith twirling won by a 10-9 score. Kane, Donahue and Jones were on a batting spree, getting nine hits among them.

There were over 200 boys and girls on the playground that afternoon, establishing a new record.

Everyone was doing something, the smaller ones in the wading pool, which

James Bates, 12 Schiller Avenue, in the Penn Valley section near Narberth, not only lost his car but had it damaged 11:55 P. M. Wednesday. William Smith, 1019 Orthodox Street, Philadelphia, who had stolen it from Bates' home earlier in the evening, swerved across Montgomery Pike west of Valley Road, Ardmore, and was crashed into on the side of the car by Albert Speigleman, 1012 Lancaster Avenue, Bryn Mawr. Both cars were damaged, but Speigleman escaped with minor injuries. Smith was hurt and taken to Bryn Mawr Hospital under police care. He will be held for a hearing.

Meeting Monday

Narberth's Borough Council will hold its August meeting in the Council Chamber of Elm Hall Monday evening.

In and Out

Chris Koch's drug store on Haverford Avenue departed this life last week when three new proprietors took it over, sold out its stock and fixtures, including the sign that overhung the front walk—and departed. So far as is known, this old-time pharmacy, once "Doc" William S. Howard's, will no longer offer competition with the chain store at Narberth Avenue and Paul Shea's Pharmacy at the station.

Green Left Turns Now in Effect Here

**Ardmore Traffic Will Be 25
M.P.H. When Changes
Are Completed.**

LIGHT FOR M. H. LANE

"All turns on green" is the rule for traffic lights throughout Lower Merion Township except in Ardmore, as a result of police compliance with the new State law. Amber lights flash for only three seconds, as provided by the law, and are for warnings only. Under the old system they flashed for 25 seconds to permit left turns.

Changes have already been made in Bala-Cynwyd; at Old Gulph Road, Narberth; at Wynnewood Road and Lancaster Pike, and in Bryn Mawr. In fact, everywhere in Lower Merion except in Ardmore, where police officials are still, according to Super-

**Better Understanding Seen as
World Hope by Balcynar
President.**

"In this state of world-wide depression and disturbance, the only way a recurrence can be prevented is by the kindly spirit of understanding between individuals and nations. . . . No better vehicle exists than the Rotary Club, composed of business and professional men who are leaders in their communities throughout the civilized nations of the world."

Thus declared Ralph S. Dunne, president of the Bala-Cynwyd-Narberth Rotary Club, in a talk to the club at its meeting Tuesday. He reported his impressions of the three-day conference of presidents and secretaries of the Fiftieth District Rotary Clubs held at Rehoboth, Del., last week. His theme: "The value of Rotary, and of an in-

Interesting scenes abroad are described by Howard F. Cotter, Narberth merchant and member of the Bala-Cynwyd-Narberth Rotary Club, in letters home describing his voyage in connection with attending the International Rotary Convention at Vienna recently. He was the only Rotarian from this section.

Mr. Cotter sailed June 2 and after landing in France went to Vienna for the convention. A Quakertown man made his language problem easy on the way to Vienna. After the convention Mr. Cotter went to Berlin from whence he wrote of difficulty in making Germans understand English. "Visited Potsdam," he wrote. "Was in old and new palace, where former Kaiser was born and lived. These palaces over here are wonderful and took a lifetime to build. Very fine shops everywhere. . . . Don't have as many cars as we have. . . . Average wages here \$5, \$7, \$8 a week, for man or woman."

On July 4 Mr. Cotter wrote from Meissen that he was meeting Rotarians everywhere, and going with one from Belgium on that day; had just had a trip out to the mountains, and was proceeding next to Lucerne in Switzer-

land. There came a card from Paris, and then he went to London.

This Saturday Mr. Cotter is due to sail from England, arriving here on August 15. At the August 19 meeting of the Rotary Club he is expected to give an account of his travels and of the Vienna convention.

Distance Smacks Defeat Narberth

**Hilldale Finds Jackson for 10-4
Score in Wednesday's
Fray.**

Magnificent long-distance hitting in the third inning assisted Johnny Drew's Hilldale nine greatly in its 10-4 victory over Narberth Wednesday night at the borough playground. Fully three thousand fans, the largest crowd of the season, witnessed the contest and marveled at the tremendous hitting power of the Darby Negro lads.

John Jackson, ace of the Narberth hurling corps, who defeated Hilldale 5-1 in its last game, was on the hill for the Davismen, but was unable to halt the hammering Hilldalers. Loose fielding on the part of his supporters also aided the visitors considerably in amassing their ten runs.

MacGregor, the new shortstop, was the home team's shining star, smacking three singles out of three times at bat, and fielding his position skillfully. Rubincam and Martin also hit well, each pounding a brace of safeties.

Narberth got off to a fine start in the first inning, when Francis opened with a single, went to second on Gillfillan's sacrifice, and scored on Slaughter's long double. MacGregor, Martin and Rubincam then came through with clean singles and when the inning ended four runs had crossed the plate.

Local Movies

Quirt and Flagg, the swaggering, philandering marines of "What Price Glory" and "The Cock-Eyed World," are back again at the Narberth Theatre this Friday and Saturday in "Women of All Nations." Not a small item in the picture is the good comedy acting of El Brendel. A boisterous comedy good for some real laughs.

On Monday and Tuesday, Clive Brook and Buddy Roger star together in "The Lawyer's Secret," a good murder story with a plot that shows some originality. Richard Arlen gives a good performance as the sailor and Buddy Roger surprises in a convincing performance of a really serious role.

"The Conquering Horde," screen fare at Narberth for next Wednesday and Thursday, is good entertainment for all the family. It is a Western story, but it isn't all guns and villains. It has good character acting, plenty of thrills and an interesting plot. Richard Arlen and Fay Wray are the principals.

Next week-end the feature will be "Daddy Long Legs," one of Janet Gaynor's best vehicles.

This week-end at the Egyptian, Joan Crawford will star in "Laughing Sinners," a highly

dramatic story that gives Joan ample opportunity to show what she can do. Clark Gable, who assists her, is looked upon as one of the rising stars in the screen firmament. Neil Hamilton is also in the cast. Not recommended for children.

The children will enjoy, instead, the Saturday matinee when the feature will be "Leather Necking," a boisterous marine yarn with plenty of laughs and thrills.

"Six Cylinder Love" at the Egyptian next Monday and Tuesday is a comedy drama starring Edward Everett Horton, Sydney Fox and Bert Roach. El Brendel appears briefly.

The best show that we have run into for some time is to appear at the Egyptian on next Wednesday and Thursday. "Seed," the feature picture, is a splendidly acted drama with very few weak spots. Genevieve Tobin is clever in the leading part and John Boles and Zasu Pitts give her good support. It will appeal especially to women but should provide good entertainment for everyone. Filling out the bill there is a Laurel and Hardy comedy, "Laughing Gravy," and a Micky Mouse cartoon.

County Occupational Poll Tax Levied in Narberth

weeks ago before he went away on a vacation from which he returned this week.

Treasurer Hess declared yesterday that he will have no statement to make for another week or perhaps more, and that most of his county bills have been mailed, while others have been made out, based on the old three-mill occupational rate. He was hopeful that it would not be necessary this year to collect the difference, which averages only about 20 cents per person. The treasurer's office is a hive of activity these days, with school taxes pouring in to the amount of a half million dollars recently, and mailing of other bills now being completed. Mr. Hess does not expect to go on vacation until after September.

Take No Chances on Paralysis Here

Warning Against Meningitis
Also Issued by L. M.
Health Board.

COLLEGE SEEKS PIPES

Although no cases of infantile paralysis have been reported in Main Line communities this season, health officials here are taking no chances, as a result of the epidemic in New York and vicinity. The contagion there is expected to number thousands of cases before fall, and to be a recurrence of the one in 1916.

The disease, which is at its worst in the summer months, was warned against in a letter sent 48 physicians in Lower Merion by the Township Health Board July 8. According to a report by its president, Dr. B. K. Wilbur, at its meeting Monday night in Ardmore, doctors are requested to inform health authorities immediately upon detecting any symptoms and to order patients under quarantine immediately, pending confirmation of their findings.

In Philadelphia, only nine cases have been reported this year, the same number as last year, which is considered small.

Similarly warned against is a probable epidemic of meningitis, which is due in its 12-year cycle this year, following a number of cases that caused deaths in 1919.

Preventive measures were pointed out by Dr. Wilbur as having lessened considerably the diphtheria danger here. Physicians and parents are again requested to conform with the health board's provision for inoculating all children with toxin and anti-toxin.

Also discussed at the board meeting Monday was the Mill Creek's pollution by sewage from a Villanova College overflow. A letter was read from Dr. Frederick T. Jones, president of Radnor's township commission, in which it was proposed that Lower Merion's sewage system be connected with that of the college, which is in Radnor Township. Radnor will be unable to effect any relief for perhaps two years, he declared. Details of the extension of Lower Merion's system into Villanova will be discussed at Wednesday's meeting of the Health and Drainage Committee at Ardmore.

dividual's association with it."

Attending the conference from here in addition to Mr. Dunne were Ralph Springer, vice president, and Evan L. James, secretary of the Ardmore club, and Dr. William A. Pearson, of Narberth, who is president of the Philadelphia Rotary Club. Over 130 rotarians attended from Eastern Pennsylvania, Delaware and southern New Jersey.

Speaker at next Tuesday's meeting of the Balcynar Rotarians will be former Township Treasurer Joseph J. Skelton, of Cynwyd. The following week's speaker will be Howard F. Cotter, Narberth merchant, who attended Rotary's international convention at Vienna recently as sole delegate from this section.

The Week's Sales

Mrs. Fox was thrown to the floor and painfully injured, with a broken nose and severe bruises.

Zigzag. Charged with operating an automobile while under liquor's influence, Charles Hathaway, 30, of 2304 Delancey Street, Philadelphia, was held under \$300 bail Monday in Ardmore police court for further hearing by Magistrate C. Howard Meredith. He was arrested earlier in the day by

has created a lot of interest, some playing tennis, others volley ball, paddle tennis, deck tennis, croquet and baseball.

Croquet Winners.

R. Young fought his way through the twenty entries to win from Norbloom in the croquet tournament final after Coward had forfeited. The entries were Burgess, B. Rittenhouse, Blessing, Case, Dick Rittenhouse, Mous, Gallagher, Norbloom, McDevitt, Donohue, Jones, Keim, Coward, Wright, Cooke, Shea, Young, Wilson and Holcombe.

Jack Kane defeated Betty Becker and Ted Finn in the finals to win the coveted prize.

Those entered in the Junior Tournament were Peggy McFarland, Eleanor Cabry, Ted Finn, D. Duncan, Curran, Leahey, Rudolph, Kane, McDevitt, Dixon, Morrie Baker and Betty Becker.

Cardinals Win First Half.

By defeating the Midgets on last Friday the Cardinals are first-half champs.

The Cardinals built around Kane, Burgess, Stroup, Wright and Burns. This was the best team and deserves the fruits of victory.

The second half presents an entirely new league. The revamped Aces are leading the pack and are playing fine ball. The Midgets and Cards are tie for second place and the Tigers are holding down the cellar due to some unlucky baseball.

Older Girls' Croquet.

On July 31 the Community Playground held its annual Croquet Tournament for the older girls. The girls who participated in this event were Jeanette Murphy, Lois Maltby, Myrtle Gregory, Laura Sheller, Dot Hood, Gladys Sabrovich, Alice Callahan, Kay Wright, Jesse Maltby, Jesse Casavechi, Dorothy Abbott, Ingaborg Thaysen, Anna Brennan, Peggy Walzer and Lucille Baker. The players were divided into teams of four and the winner from each quartet was eligible for the finals. The competitors in the final round were Lois Maltby, Lucille Baker, Dorothy Abbott and Alice Callahan. Through clever playing and well-placed shots, Alice Callahan succeeded in winning for herself the championship in lawn croquet for the year of 1931.

Jean Rudolph Wins at Jacks.

The weekly tournament for younger girls of the playground was a Jackstone tournament which was also held on Friday, July 31. The competitors in this event were Anna Donahue, Anna Brennan, Mildred Morrison, Jean Slete, Peggy McFarlan, Kay Wright, Jean Rudolph, Eleanor Cabrey, Mary Tyson and Mary Jane Law-

ler.

After the first round those eligible for the finals were Anna Donahue, Jean Rudolph and Mary Jane Lawlor. The dexterity and agility of Jean Rudolph in handling the jacks and ball brought her the championship in jackstone for the year of 1931.

Large Scores.

The Haverford Girls succeeded in vanquishing the Narberth girls in baseball with the score of 25-2, but the score was somewhat evened when the Narberth girls beat the Haverfordians in the volley ball with a score of 21-0.

The standing of the Girls' Baseball League of the Community Playground is as follows:

Lois Maltby's team 3
Betty Kriebel's team 2

Music

Wagnerian Evenings Will Feature Week's Concerts

The modern conductor's partiality to programs selected entirely from the works of a single composer—Wagner, Strauss or Stravinsky, for instance—and to programs that represent the characteristic music of a nation such as Russia, is illustrated anew this week in the schedules listed for the concerts given by the Philadelphia Orchestra during the eight-week outdoor summer series at Robin Hood Dell.

Albert Coates, departing for New York to conduct for the next two weeks at the stadium, will make his final bow on Monday evening with an "All Russian" program drawn from Tchaikowsky, Rimsky-Korsakow and Liadow and concluding with Scriabin's "Poeme de l'Extase."

Fritz Reiner, entering Philadelphia at the conclusion of his term at the New York Stadium, comes here as fourth guest conductor for the summer concerts at Robin Hood Dell and subsequently to assume an important place in the musical scheme of the city. Next winter Mr. Reiner will be the conductor of the Philadelphia Grand Opera Company and also will assume direction of the Orchestra Department of the Curtis Institute of Music.

He has not, however, deviated from the example of his predecessors in the choice of a composer to inaugurate his week at the Dell, for it is with Brahms Fourth Symphony that Mr. Reiner distinguishes his first program on Tuesday evening, August 11.

The two programs scheduled for Wednesday evening, August 12, and Thursday evening, August 13, are identical, being all-Wagnerian and composed of orchestral and vocal selections from "Tannhauser," "Die Meistersinger," "Lohengrin," "Parsifal," "Tristan," "Siegfried" and "Götterdämmerung." Soloists will be Elsa Alsen, prima donna with the Chicago Opera Company, and Paul Althouse, leading tenor, formerly with the Metropolitan Opera Company.

Matching of Dr. Tily's \$1000 Concert Offer Is Begun By M. L. Patrons

Contributions are trickling in to the Philadelphia Summer Concerts Association to match the \$1000 offered by Dr. Herbert J. Tily, of Cynwyd, president of the organization. His offer, made last week by cable from abroad, was to match dollar for dollar the first thousand dollars contributed to raise the \$20,000 needed to pay for concerts of the Philadelphia Orchestra at Robin Hood Dell this season.

The directors voted just before Dr. Tily sailed to ask the public for \$20,000 of the \$40,000 needed to cover the overhead of the concerts, exclusive of musicians' salaries, which are paid from gate receipts and sale of season tickets. The other \$20,000 was raised by the directors themselves, with the aid of the Philadelphia Orchestra's women's committee.

Among the first contributions received by the association at its offices, 809 Packard Building, were a check for \$15 from Mr. and Mrs. Charles Y. Fox, Wynnewood, and dollar contributions from Mr. and Mrs. C. C. English, Mr. and Mrs. Davis Pearson, Mr. and Mrs. William R. Brecht, Mrs. Frank Lloyd, Miss Estelle Minich and Miss Ruby C. Minich, all of Rosemont. By Tuesday the contributions totaled \$262.

The next meeting of the newly-organized Players' Group will be held at the home of Mr. and Mrs. H. I. McConnell, Merion Avenue, on Thursday evening, August 13, at 9 o'clock.

Reports of the progress made by the committees most active at the present time will be given by the chairmen and further plans for immediate fall activities will be discussed. Again a cordial invitation is extended to any members of the community who are interested in dramatics to attend and learn more of the details of this organization.

County Tax

Under the Act approved May 13, 1931, a County Poll Tax of fifty cents has been imposed upon all residents and inhabitants over twenty-one years of age, which is required to be paid in order to entitle such person or persons to vote.

This fifty cent poll tax is paid in lieu of the taxes on trades, occupations and professions for county purposes only.

As tax bills have already been mailed to each adult at the old rates, you will change the amount extended for County Tax to fifty cents (50c) instead of the amount now filled in on your bill.

The above does not affect property tax bill.

Drivers of sixes never want less

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable

Drivers of sixes are spoiled for anything less. Drivers of sixes are "sold" on multiple cylinders. They would no more think of giving up "six" performance than any other *real advancement* of motoring.

Drive a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its *silence*. Throw in the clutch, shift into "low"—and feel that *smoothness*. Change into "second," hit a faster clip, slip into "high," sweep along at top

speed—then throttle down to a crawl. The smoothness and flexibility you *always* get are *six-cylinder smoothness, six-cylinder flexibility*. Annoying vibration is gone!

Over two million owners have proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They *know* a six is better in every way—and they would never be satisfied with less!

Temple Students Visit Narberth Library; Find Vacation Club Interesting

Thirty students and two teachers from the Temple University Summer Library School visited the Narberth Community Library on Wednesday of last week. The party was out on a field trip and arrived at the library about 3 o'clock.

They were greeted by the librarians who served cakes and cool drinks to a very appreciative group of young women. After the refreshments had been enjoyed, they listened to a talk on the development of the Narberth Library, and were very much surprised when the librarian told them that the well-equipped library, with about 9000 volumes, started a little more than ten years ago with eighteen books on a window sill. Both teachers and students were greatly interested in the work of Mrs. Robert Wood, the founder and first librarian, and the ladies who so ably assisted her, and asked many questions about the methods that had achieved such splendid results.

The group then examined the book shelves, the card catalogue and the magazines and reference books. They then went to the children's department, where they found a number of children seated at the low tables, reading books and magazines. The visitors were especially interested in the vacation reading club and enjoyed looking at the work of the seventy children who are making a friendship tour of the world by means of books.

The field trips are a part of the regular library course at Temple and give the students opportunity to observe libraries at work. Miss Bessie Graham, director of the Temple Library School, and Miss Ellen Yoder, head of the cataloging department, expressed their appreciation of the welcome given the students and were enthusiastic in their praise of the work done by the Narberth Library.

Gladiolus time.

And didn't the "glads" do well with all the rain?

August is a good month in which to feed peonies. New eyes are being formed now to flower next spring and the old reliable pair—bone meal and hardwood ashes—is the best formula. About four to six inches from the outer stems and about two inches deep is the proper place. Allow the old stems to remain until freezing weather and then cut them close to the ground.

August should be the time to make plans for fall work and spring blossoms in the perennial garden and also for the fall planted hardy bulbs.

Try some breeder tulips as well as Darwin and cottage colors. The three types may be planted together if we are careful of their respective heights, flowering seasons and color combinations. The Darwins give us pinks and brighter colors, the breeders the darker and richer tones, while in the cottage varieties we get the good yellow and orange colors with the flaring shaped flower. The cottage and breeders show cup-shaped flowers.

Fall web worms are conspicuous on trees and shrubs but the foliage that has been carefully sprayed for Japanese beetles will prove a last supper for the web worms. The black walnut caterpillar is also working on unsprayed walnut trees but the beetle-sprayed trees will prove their undoing.

Evergreen azalea foliage should be green at this time. If the leaves have a dull or silvery appearance look carefully on the under side for lace wing flies, or their pitchy marks, and spray with pyrethrum-soap solution.

Dahlias should be thoroughly watered at least once a week, either by Jupiter Pluvius or the faithful gardener—or his or her assistant.

Next spring's pansies are produced from seed sown in August in a cold frame.

One of our garden neighbors bought an old run-down farm and made of it an all-year-round home. Right off the porch they took the soil off the surface and exposed a beautiful outcrop of limestone rock—a ready-made rock garden. Six pools have been made, and a waterfall that sounds a cooling tinkle. The planting of androcasas, saxifrages, alpine poppies, daphnes and dwarf evergreens is going ahead and spring will find a real rock garden. Giving nature a little guidance in showing off her beauty for our enjoyment is a part of the garden art.

August Turf Protection From Beetle Grubs Advised

Feed poison to the newly-hatched Japanese beetle grubs in lawn and golf-course turf is the recommendation of Charles K. Hallowell, Philadelphia representative of the Pennsylvania State College Extension Service. Five pounds of arsenate of lead to each 1000 square feet is the material to broadcast. This should be mixed with a heavier material, such as 75 pounds of dry bar sand, which will take the poison to the grass roots where the grubs will be sure to eat it.

The winged female beetle deposits her fifty to sixty eggs during August, preferably on closely-clipped grass exposed to the sun. In about ten days eggs hatch into young grubs which immediately start to feed on grass roots. It is advisable to apply the arsenate of lead at once, that it may be ready for the grubs' first meal. Newly-hatched grubs are more readily poisoned than those that have their growth.

Demonstrations conducted in the Philadelphia area indicate that one application of arsenate of lead is effective for at least four years. Several communities are arranging meetings at

Townsend, Curvan Star as B. M. Tops Narberth 8-4

Continued from Page One

afternoon by a score of 8-4. This triumph gave the Redmen undisputed possession of first place in the race for the second-half pennant in the Main Line League.

Townsend, who handled the pitching duties for the visitors, gave a great exhibition of cool, heady hurling and although the boroughites banged his offerings for seven hits, he was unruffled and invincible in the pinches, extricating himself deftly from several

tight situations when a Narberth base hit might have gained the local boys a commanding lead. The Princeton portsider also contributed a double and a single to the visitors' attack. Bryn Mawr's most potent slugger however was Centrefielder Curvan, whose triple and two singles each played a big part in pushing over the Redmen's earned runs.

John Jackson was on the mound for the Davismen and although he fanned eight of the visitors and fielded his position in a creditable manner, his wildness and the habit of the visitors in getting their blows when they were needed, caused him to meet his first league defeat in his short career as a Narberth hurler.

Narberth opened the scoring in its half of the third inning when Francis walked and Gilfillan singled. Gil was forced out at second when Martin hit to Faulk, but McGregor, the locals' new short fielder, came through with a single and Francis came over with the first tally. However, Bryn Mawr tied it up in their half when Doyle got on with a one-base punch, Townsend bunted and both runners were safe when McGregor dropped Jackson's throw to second and Curvan then drove in the run with a single to centre.

The boroughites scored again in the fourth on King's double, Tarlecki's error on Jackson's roller and an infield out, but the rambunctious Redmen came right back in the fifth with singles by King, Townsend and Morgan and a mighty triple by Curvan, which allowed them three more counts.

The undaunted Davismen made their last spurt in the sixth and tied the score again on one-base clouts by Jones and King, a wild pitch and an infield out by Francis.

This was the last flicker by the Narberth boys, however, as Townsend held them helpless for the remainder of the game, while the visitors forged into the lead with one run in the seventh when Townsend doubled and that premier menace, John Curvan, belted out his third hit, scoring Charlie with the visitors' fifth run.

Although these five runs would have been ample for the Redmen's victory, they amassed three more in the eighth when the borough boys put on their usual one-inning exhibition of fielding miscues for which this year's Narberth outfit is becoming noted. This dismal inning was opened by Gilfillan's fumbling Morgan's easy grounder, allowing the Redman to reach first. Tarlecki then rolled out and Gazella walked. George King then rolled an easy double play ball to Baker and Baker not only fumbled the ball, but threw it into left-field. Morgan scoring while Gazella reached third and King was safe at first. King endeavored to steal second and McGregor, taking Harry King's throw, made no attempt to tag the runner, but threw to third in an unsuccessful attempt to trap Gazella off the bag. Following these sad occurrences Bobby Doyle poked a single to left, the first real hit of the inning and thus Bryn Mawr performed the unusual feat of scoring three runs on one lonely

one-base hit.

Hilldale Slugs Narberth for 10 Runs on 12 Hits

Continued from First Page

Hilldale, having scored one in the first and been smothered in the second, broke loose in the third with a barrage of long clouts that scored four runs and put the team in front for the rest of the game. Dallard opened with a long triple and Dixon followed with a home run drive into Windsor Avenue. White went out, McGregor to Gilfillan, but big Mackey then cracked another three-base hit and Dehigo followed with one of the longest drives ever seen on the Narberth field, a circuit clout that went almost to the Community Building in the farthest extremity of the playground.

The Darby boys, once started, continued by scoring three more runs in the fifth and two in the seventh, while Mitchell had little difficulty retiring the Narberth batsmen.

Starts disastrously. Mrs. James G. Roberts, 508 Narberth Avenue, Merion, suffered from bruises and shock when the car driven by her son Jimmy was smashed last Wednesday. Robert and Nelson Scott, in the car's rumble seat, were uninjured, as was the driver. The car was commencing a vacation trip to Medford Lake at 1:45 P. M. and was heading down Wynnefield Avenue when another car darted across its path at Fifty-sixth Street. To avoid hitting it, Jimmy swerved and crashed into a telegraph pole, ending his vacation trip.

Paoli pleads Pinchot. Governor Pinchot has been petitioned for relief from speeding and reckless driving of motorists on the new Lincoln Highway by the Tredyffrin Republican Club at Paoli. Sanction is sought to have the State Highway Patrol, with barracks in Berwyn, run a speed trap through two-mile section in Paoli for a 30-day period, requiring motorists to pass through at 20 miles per hour.

Ardmore Firemen in 18-11 Torrid Tilt

Match Lasts Six Innings as Cynwyd Firemen Wilt in Heat.

NEXT FRAYS ARE LISTED

With the football scores of 18-11, Ardmore's Merion Fire Company baseball nine defeated Cynwyd's Union Fire Association team at the Cynwyd School playground Tuesday evening. Pitchers for both teams were knocked from the box, and the exhibition was called on account of darkness, at the end of the sixth inning. Because most contests in the Police-Firemen League this season have been clean, close ones, Tuesday's may properly be blamed on the heat.

Narberth went down to defeat before the Merion Fire Company nine in a Firemen-Police League game last Friday night, when the Ardmore smoke-eaters rallied for three runs in the ninth inning to win, 5-2. A pitchers' battle took place for eight innings, between Vocum, of Narberth, and Dougherty, of Ardmore. Narberth's two counters came in the third, aided by errors. Merion's first run came in the fourth, and its second in the seventh, so that the tie was scored when the exciting final frame began.

Webb, McLaughlin and Lanser, each with two hits, featured the Merion Fire, while Nolan gained Narberth's lone bingle.

This Friday at 6:30 P. M., the accustomed hour, Narberth will play the Lower Merion-Narberth Police team at Narberth's playground. Next Tuesday evening at Cynwyd the police will play the Ardmore Firemen. And on next Friday, the 14th, Cynwyd's firemen will play at Narberth the borough firemen, who defeated them recently for championship of the league's season's first half.

During June the one hundred and forty-one Ayrshires owned by Penshurst Farm, Penn Valley, secured the good production average of 870 pounds of 3.95 per cent. milk, 34.36 pounds of butterfat, under the Ayrshire herd test plan. Every cow in the herd that had once freshened, regardless of age or stage of lactation, was included in computing this average, according to Advanced Registry Superintendent W. A. Kyle, of the National Ayrshire Breeders' Association at Brandon, Vermont.

Individual honors in the herd were secured by Fico's Favorite Thelma, a five-year-old which produced 2055 pounds milk, 81.99 pounds of butterfat; Penshurst Snowbird 2d, a seven-year-old which produced 2014 pounds milk, 80.76 pounds butterfat; Leto's Favorite Betty of Hill Top, a six-year-old which produced 2288 pounds milk, 73.22 pounds butterfat; Penshurst Belite, a six-year-old which produced 170 pounds milk, 61.91 pounds butterfat, and Penshurst Red Kate, an eight-year-old which produced 1722 pounds milk, 61.48 pounds fat.

Dog in the A. M. Howls from the quarry at Rockhill and Conshohocken State Roads, Cynwyd Estates, awakened residents there shortly after midnight Monday morning and led to the flashlight discovery of a large black police dog, who apparently had fallen, days before, thirty feet over the quarry's edge to a ledge over a hundred feet above the bottom. Cynwyd's fire company was called and referred the phone call to police headquarters at Ardmore. Officer James Wintz was lowered by ropes, from edge to ledge, and rescued the dog. Taken to Ardmore's station house, the dog slipped its tether and ran away.
